

COURT TECHNOLOGY PROCUREMENT SUMMIT

**A Special 2-day Summit for
Court Leaders, Technology and Procurement Staff, and Court Technology Vendors**

*Jacksonville, Florida • May 12-13, 2020
501 West Adams St, Jacksonville, FL 32202
\$395 per attendee*

*A National Center for State Courts' sponsored summit in collaboration with the
Conference of State Court Administrators (COSCA), the National Association of Court Management (NACM),
the Court Information Technology Officers' Consortium (CITOC),
IJIS Institute Court Advisory Committee, 4th Judicial Circuit Court of Florida*

Sales-Neutral, Hands-On, Proven Ways to Navigate Procurement of All Kinds of Court Technology

Participants will work with seasoned, knowledgeable faculty experts from courts in a variety of states who have established expertise, and from knowledgeable representatives of the vendor community. Sessions will not be lectures but facilitated discussions with all participants encouraged to share their points of view. Break-out sessions will discuss and report back on challenges and next steps.

Procurement Summit Topics Include:

- Court Technology Procurement 101
- What are the business and technical decision factors for planning a SaaS implementation?
- Procurement during a crisis. Getting the courts operational quickly.
- What are tips and tricks needed during phases of the procurement lifecycle from a court's point of view and a vendor's point of view?
- What are some innovative procurement approaches?
- How can courts better manage their vendors and the technology integration through agile-type processes?
- How can courts and vendors navigate the normally adversarial procurement rules to nurture a partnership?
- What are the best ways to write requirements? Components? Scenarios/ user stories?

Registration Information

Registration Link:

www.ncsc.org/procurement

Please contact Alisa Kim by email at akim@ncsc.org if you have questions or issues with registration or hotel.
